Description

Absente de la préhistoire, bourgade aux temps gallo-romains, gros village au Moyen Age, petite ville à l'époque moderne, Grenoble a grandi vite et a gagné ses titres de gloire surtout au XXe siècle. Ce qui explique peut-être que l'on dise si souvent qu'elle est une ville sans histoire, et surtout sans patrimoine. Rien n'est plus faux ! Dans les rues du centre ancien, monuments prestigieux et témoignages plus modestes sont bien présents ; partout, jusque dans les nouveaux quartiers, les traces de l'histoire se découvrent nombreux, souvent riches et évocateurs de diverses périodes. Il faut donc mieux regarder cette ville, s'y promener, exercer sa curiosité. Et l'on découvrira qu'elle est belle, et qu'on peut l'aimer aussi pour son patrimoine.
